COLLECTIVE WORSHIP

GOING FOR GOLD

This term we have started a new theme in Collective Worship. For this term we will be looking at 'Going For Gold'. The Worship theme is linked to the Olympic Games that take place in Paris this year.

Going For Gold in this situation does not just mean winning, it can mean working hard on something, thinking of others and showing the values from the school or the Olympic values. This week we thought about why it is important to have values.
